

## **For Sale Friendship Sloop “Retta”**

Built by Dave Westphal. Length at waterline 24ft 4in. She has a Yanmar diesel engine for power model 1gm10. Engine has only 20hrs total run time. The boat needs only paint and varnish and a new companion way hatch.

I am forced to sell her due to congestive heart problems and a recent stroke taking doctor's advice to stay off the water I am forced to put her up for sale. Hopefully finding a new home for her I'm offering her up for a reasonable amount to the right person. Sails are in good condition, running rigging and spars and top mast and boom and bowsprit need only sanding and varnish.

Currently on the hard in Wickford RI.

Asking price is - \$18,000.00. For more information call 401-294-5591
